

Annual Report 2024- 25

Saptrishi Foundation, Pune

Preface

Who are we

About

Saptrishi Foundation was conceptualized after a life-changing experience of rehabilitating an orphan child with Intellectual Disability. Navigating endless paperwork, government offices, and formalities revealed a critical gap—a lack of a unified support system for Persons with Disabilities (PwDs). Drawing from expertise in both social work and the insurance sector, we set out to create solutions that simplify and support the lives of PwDs.

Saptrishi Foundation is a registered, non-profit organization set up to serve the underprivileged sections and last miles of the society. It strives to work with civil society, government, philanthropic institutions, and corporates to create an impact at a large scale.

Registered under Societies registration and Bombay Public Trust act in 2017, the organization is working towards the inclusion and rehabilitation of people living with disabilities, health and education, street children, women empowerment, and watershed development. The main aim is to empower People with Disabilities across several aspects of their life and support them to live a dignified life. In addition to this, organization is also engaged in performing dignified rituals for unknown or unclaimed human dead bodies which always face negligence.

The COVID-19 pandemic underscored the urgency of our mission. We envisioned a digital platform ensuring uninterrupted access to disability-related services—just a click away. This led to the creation of a mobile application offering hand-holding support for AADHAR enrollment, UDID cards, and government schemes, alongside organizing free treatment camps and delivering services to the grassroots.

Today, we remain committed to accessibility, inclusion, and empowerment—ensuring no one is left behind.

Vision

To create a fearless, equitable and just society where poor and marginalized sections live dignified life and transform people into good citizens.

Mission

To reach out to unreached, underprivileged sections of society and bring them into the mainstream by designing equitable, innovative solutions and setting up example of giving back to nature and society.

Testimonials

While working in this field and helping the PwDs to find a way out of their troubles, Saptrishi Foundation has received plenty of feedback in form of appreciation and confidence expressed by the parents and the beneficiaries. A few examples are worth mentioning here. Representative quotes of some beneficiaries-

Feedback of the beneficiaries:

A woman with a special child-

“I came to know about Saptrishi Foundation and I came to know that they help special children. They help for getting the pension, obtaining UDID card and obtaining benefit of Niramaya Health Insurance Scheme. Then Saptrishi Foundation helped me a lot. As one of my son is young, I could not often go to offices or take him there with me.”

A senior citizen, PwD

“My certificate has been issued with their cooperation. They also took efforts on my behalf to obtain financial assistance from the Municipal Corporation. Saptrishi Foundation has helped a lot for obtaining disability certificate and I have obtained this certificate with their support. Saptrishi Foundation has helped for the differently- abled (Divyang) certificate.”

Feedback shared by parents after camps and workshops

Saptrishi Foundation organizes various health checkup camps and workshops for the beneficiaries. During such a workshop related to sexuality of special persons, many parents expressed their thoughts after the workshop. They stated that they had never thought this way that sexuality is there as long as one is alive and that everyone has it. They stated that they had never thought it from this perspective. They expressed their happiness after knowing ways and options to deal with this issue and means of appropriating it. This workshop was conducted by a well-known speaker on this subject Dr. Sachin Nagarkar.

Parents also thank Saptrishi Foundation after attending health camps. They also share their satisfaction of seamless conduction of checkup, guidance by the doctor, provision of medicines and other support.

What we do

Empowering Divyangjan's

At Saptrishi Foundation, we are dedicated to creating a comprehensive support system for the Divyang community. Our integrated one-stop solution addresses the unique needs of Divyangjan's through the seven key focus areas. The one- stop solution initiated by Saptrishi has 7 components mainly i) Support to obtain benefits of the Government schemes and linking up with the Government, ii) Establishing Divyang Community systems, iii) Camps, workshops, lectures, and activities, iv) Research and advocacy, v) Building networks, vi) Development and maintenance of the technology platform and vii) Support center for availing benefits of the social insurance schemes. Out of these seven components, (i), (iii), (v) are fully operational and remaining are partly operational and they are under process.

Our commitment:

By addressing the diverse needs of Divyangjan's through these 7 focus areas, we aim to create a more inclusive and supportive environment. Our commitment is to empower Divyangjan's, promote their well-being, and advocate for their rights. Over the years, Saptrishi has contributed significantly towards providing legal benefits to the PwDs. Now around a thousand beneficiaries have been on boarded to the one- stop solution, the innovative solution founded by Saptrishi.

In coming months, we want to consolidate these components and also wish to activate remaining components in a phased manner. In some components, we have already in some active role. We want to strengthen and consolidate it.

Impact of our work

Since around 8-9 years, we have been working in Pimpri Chinchwad area of Pune and our work has supported thousands of PwDs and families. Since activation of our portal and one- stop solution in October 2023, it has benefited more than thousand families and they have easily obtained benefits of various disability services. A few examples of this impact can be elaborated as below:

Satisfaction expressed by the Beneficiaries

It is a nice App prepared by Saptrishi Foundation, We get all updates regarding Niramaya Health Insurance Scheme and other services and information in this app. It saves our time and money. Every year since 2016 till 2024, we have received reimbursement of OPD expenses incurred for my Son – Abhijit. With Saptrishi Foundation’s assistance, we are able to get some reimbursement for our medicine costs. It makes a big difference. We are really thankful to Saptrishi Foundation.

—Ranjana Sutar

My son is having 90% Intellectual disability. It is very hard to move from one place to another. Due to this, we have faced many difficulties in work related to Documents such as UDID card. It was possible due to Saptrishi Foundation that YCM Hospital team had come for home visit for UDID related work. Saptrishi Foundation had taken continuous follow up with the Hospital from the visit for physical examination till UDID card was generated and given to us. Also, I received medical expenses reimbursement and financial aid from the Government with the help and guidance of Saptrishi Foundation. My Sincere thanks to Manoj sir and his team.

—Dr. Uday Joshi

Our initiatives

Our initiatives are aligned with our focus areas. They mainly include the following:

- Awareness programs for parents of children with intellectual and developmental disabilities.
- Capacity building and training workshops on hygiene, safety, sexuality awareness, and emotional development.
- Facilitating access to government schemes and financial assistance for persons with disabilities.
- Collaborating with trusts, schools, and special educators to build inclusive support networks.

Activities done in FY 2024- 25
